

New Frontiers in Retinal Imaging: OCT Angiography and Multimodal Integrated Evaluation

Moderators & Speakers

Giovanni Staurenghi, MD

"Luigi Sacco" Hospital,
University of Milan
Italy

Steven Schwartz, MD

Jules Stein Eye Institute – UCLA
USA

Daniela Bacherini, MD, PhD

Careggi University Hospital,
University of Florence/
Livorno Hospital
Italy

Francesca De Rossi, MD, PhD

National Low Vision Research Center,
International Agency for
Prevention of Blindness - Rome
Italy

Speakers

- The Importance of Multimodal Imaging: the NEW NIDEK SLO+OCT Retinal Platform** Giovanni Staurenghi, MD
- How OCT Angiography Is Changing Retina Practice: Quantitative Assessment of the Retinal Microvasculature** Steven Schwartz, MD
- New Approach in Retinal Imaging: Novel Diagnostic Biomarkers Using OCT-A and Multimodal Integrated Evaluation** Daniela Bacherini, MD, PhD
- From Diagnosis to Visual Rehabilitation: New Applications of MP-3 Microperimeter** Francesca De Rossi, MD, PhD
